Chirk Exhibition Landscapes and Gardens'

1. All work to be mounted onto either A4,A3 and A2 artist canvas.
2. Work should be attached to the canvas by stitch and ready to hang.
3. Rings and wire should be attached one third of the way down from the top on either side of the frame.
4. You can turn the canvas round as long as no nails or staples are showing.
5. Your work should be linked loosely to Chirk Castle and the estate. If some of you can include something that is definitely Chirk, eg the Topiary or castle in the distance it would be appreciated
